### **CONTEXT**

NAAC binary accreditation lies in a reform of the accreditation process for higher education institutions in India, aiming to simplify and streamline accreditation. This new system, introduced by the National Assessment and Accreditation Council (NAAC), replaces the previous grading system with a binary outcome: accredited or not accredited. Indian Knowledge Systems (IKS) is an innovative cell under Ministry of Education (MoE) at AICTE, New Delhi. It is established to promote interdisciplinary research on all aspects of IKS, preserve and disseminate IKS for further research and societal applications.
