- The government has expanded healthcare schemes to cover more people, with special provisions for senior citizens and differently-abled individuals.
- A special focus has been given to regional connectivity through the UDAAN scheme.
- Promotion of exports as the 4th engine of development, Bharat Trade Net
- Foreign Direct Investment in the Insurance Sector
- Income-tax slabs, providing relief to middle-class taxpayers.

LEARNING OUTCOMES

Through this session, students gained a meaningful understanding of the Union Budget 2025. They developed insights into the crucial role the budget plays in shaping the vision for *Viksit Bharat*. They developed knowledge on key allocations and government priorities, particularly in areas such as skill development, information technology, and artificial intelligence. Students explored how these investments aim to equip innovation across sectors, which helps education in future. By analysing government expenditure on education, both at the school and higher education levels, these students were able to appreciate how strategic budgeting serves as a tool for national transformation.

CONCLUSION

The session on 'Analysis of Budget 2025' was well-organised and engaging. Both teachers and students actively took part in the discussions and shared their thoughts. Everyone left the session with a better understanding of the key aspects of the national budget and how it impacts the country's development.
