**About Workshop**

The National Education Policy 2020 (NEP 2020), approved by the Government of India on July 29, 2020, is a landmark policy that outlines the vision for a new education system in India. It is the first education policy of the 21st century and replaces the National Policy on Education of 1986.

NEP 2020 aims to create a more flexible, holistic, inclusive, and relevant education system that prepares India's youth for the challenges and opportunities of the 21st century while being rooted in Indian values and traditions.

The Ministry of Education at the central level is working with state governments and various educational bodies to ensure its effective and timely implementation across the nation.

We have invited experts on the subject to discuss the issues and challenges related to NEP 2020.

The objective of organising this one-day national workshop on NEP 2020 is to discuss the issues and come up with solutions for the teachers who are the nation builders and are tirelessly shaping destiny of the nation.
