REPORT

A Prelude to the International Conference

“Harnessing the Power of Education to Embrace and Adopt Green Initiatives to Embrace and Adopt Green Initiatives”

Organised by D.B.M.S. College of Education, On 27.11.2024

At Kalakriti auditorium, Kadma Jamshedpur, India

THE PRE-CONFERENCE SESSION

INTRODUCTION

As a prelude to the International Conference on Harnessing the Power of Education to Embrace and Adopt Green Initiatives, a special hybrid session was organized at the Kalakriti Auditorium, D.B.M.S. College of Education. This session featured two esteemed speakers: Dr. Ashesh Prasanna from the World Bank, who delivered an offline presentation on “Recipe for a Livable Planet: Achieving Net Zero Emissions in the Agrifood System” and Vijayam Kartha a renowned educationist from Pune, who addressed the audience online. The event was attended by approximately 300 students from D.B.M.S. College of Education and various schools under the D.B.M.S. trust.

CONTEXT

The pre-conference session was designed to introduce students to the themes and objectives of the International Conference. By focusing on green initiatives and sustainability, the session aimed to inspire students to think critically about environmental issues and their role in promoting sustainability.

OBJECTIVE

The primary objective of this pre-conference session was to familiarize students with the structure and purpose of international conferences. This included

understanding the themes, sub-themes, and technical sessions that are integral to such events. By participating in this session, students gained a deeper appreciation of the importance of green initiatives and the role of education in promoting sustainability.

KEYNOTE ADDRESS BY DR. ASHESH PRASANNA

Dr. Ashesh Prasanna's offline presentation was a highlight of the session. Through a simple yet impactful PowerPoint presentation, Dr. Prasanna effectively conveyed the importance of addressing critical environmental concerns such as methane emissions. His talk was well-received by the audience, sparking interest and discussion on green initiatives. Dr. Prasanna's expertise and insights provided students with a valuable understanding of the need for sustainable practices to ensure a livable planet for future generations.

ADDRESS BY EDUCATIONIST VIJAYAM KARTHA

Vijayam Kartha addressed the audience online, emphasizing the crucial role of schools in environmental protection. Ms. Kartha encouraged students to take proactive steps in keeping their surroundings clean and adopting sustainable practices. She proposed an innovative approach where students could adopt a nearby slum (basti) and engage in regular visits to promote environmental awareness and implement science-based solutions. Ms. Kartha's address inspired students to think creatively about their role in promoting sustainability.

PROCESS

The pre-conference session was conducted in a hybrid mode, seamlessly integrating technology and sustainability. Invitations were sent to the keynote speakers, informing them about the themes and sub-themes of the conference. Dr. Ashesh Prasanna presented his PowerPoint presentation offline, while Ms. Vijayam Kartha addressed the audience online. The session was well-organized, allowing for smooth transitions between the offline and online components.

IMPACT AND OUTCOMES

The pre-conference session had a significant impact on the students, providing them with valuable insights into environmental issues and sustainable practices. The session sparked interest and discussion on green initiatives, encouraging students to take proactive steps in promoting sustainability. The conference itself was highly successful, receiving appreciation from the officials of Kolhan University and the academic community at large. The proceedings of the conference were published in book form, and selected research papers were included in a journal, ensuring that the knowledge and ideas shared during the event would reach a wider audience.

CONCLUSION

The pre-conference session was a resounding success, setting the tone for a meaningful and impactful International Conference. The session's focus on green initiatives and sustainability inspired students to think critically about environmental issues and their role in promoting sustainability. The hybrid mode of the session demonstrated the potential for technology to enhance sustainability efforts, and the inclusion of both offline and online speakers added to the event's success. Overall, the pre-conference session was a valuable experience for the students, providing them with a deeper understanding of the importance of sustainability and green initiatives.

Water-logged paddy fields emit harmful methane: World Bank Economist

Jamshedpur, Nov 29: Preparations are in full swing for international conference scheduled for December 13-14 at DBMS College of Education. The conference, themed "Harnessing the Power of Education to Embrace and Adopt Green Initiatives," will welcome four delegates from the United States.

As part of the lead-up to the event, Dr. Ashesh Prasanna, Senior Agricultural Economist, World Bank, Washington, conducted an insightful session titled "Recipe for a Livable Planet" at Kalakriti, Kadma. The session, attended by approximately 300 students, focused on the environmental impact of methane emissions. Using a simple and engaging

presentation, Dr. Prasanna highlighted how stagnant water in paddy fields and cattle waste

contribute to methane production, which is harmful to the environment. He suggested measures like rearing low-methane-emitting cattle to mitigate this issue.

Dr. Prasanna also addressed the environmental harm caused by enteric fermentation in livestock. His talk was followed by an interactive Q&A session where B.Ed. students posed numerous questions about environmental conservation.

Educationist Vijayam Kartha from Pune also addressed the gathering, emphasizing the role of schools in protecting the environment. Drawing on his extensive experience, Kartha proposed initiatives such as

monthly community clean-up drives by students and the creation of an annual eco-calendar for schools. His suggestions aimed to instill environmental awareness and responsibility from a young age.

Earlier, the program began with a welcome speech by Principal Dr. Juhi Samarapita and was conducted by B.Ed. student Subhangi. Members of the DBMS Trust and college management committee were present, including patron Bhanumathi Neelkanthan, President B. Chandrasekhar, Secretary Shripriya Dharmarajan, Co-Secretary Sudha Dilip, Vice Principal Dr. Monica Uppal, and several faculty members.

‘ग्रीन इनिशिएटिव’ पर अंत. सम्मेलन 13-14 दिसंबर को

जमशेदपुर, 28 नवंबर (रिपोर्टर) : डीबीएमएस कॉलेज ऑफ एजुकेशन में आगामी 13 व 14 दिसंबर को होनेवाले अंतर्राष्ट्रीय कॉन्फ्रेंस की तैयारी चल रही है. ‘हारनेसिंग द पावर ऑफ एजुकेशन टू एम्ब्रेस एन्ड अडॉप्ट ग्रीन इनिशिएटिव’ विषय पर होनेवाले उक्त सम्मेलन में अमेरिका से चार प्रतिनिधि शहर आएंगे. इस कड़ी में वर्ल्ड बैंक वाशिंगटन से आये डॉ. अशेष प्रसन्न ने ‘रेसेपी फॉर लिवेबल प्लानेट’ विषय पर सत्र आयोजित किया, जिसमें लगभग 300 छात्रों ने भाग लिया.

डॉ. अशेष प्रसन्न ने पीपीटी के

Subject: Invitation for Presentation in the International Conference

Dear Dr.Prasann,

It gives me great pleasure and honor to inform you that our organization DBMS College of Education (NAAC Accredited) is organizing an International Conference on 13th and 14th of December 2024 at Kalakriti Auditorium, Jamshedpur, Jharkhand, India. HARNESSING THE POWER OF EDUCATION TO EMBRACE AND ADOPT GREEN INITIATIVES" is the main theme of the conference.

The International Conference aims to bring together leading experts, scholars and practitioners, policymakers and researchers from across the globe to explore and discuss environmental sustainability and the role of education in fostering green initiatives. Given your expertise we believe that your knowledge would contribute immensely and greatly enrich the discussions.

We are confident that your insight and experience would provide invaluable perspectives to our attendees.

We kindly request you to please send a line of confirmation.

Warm Regards
Thanking you
Joohi Samarpita
Principal, DBMS College of Education
