PROCESS

1. 22nd September – Literacy Awareness Drive

NSS volunteers conducted door-to-door surveys and interacted with residents to promote the importance of education. They motivated families about children's schooling, adult literacy, and women's education.

2. 23rd September – College Campus Cleaning Drive

As part of NSS Week 2025, the NSS Unit of the college organized a Campus Cleaning Drive on 23rd September. Volunteers actively participated in cleaning the classrooms, corridors, and the surrounding areas of the college premises. The drive was not only about cleanliness but also aimed to spread awareness on sustainable practices among staff and students. During the programme, emphasis was laid on waste segregation, ensuring that separate dustbins are used for different types of waste. Students were reminded that our college is a plastic-free zone, where the use of eco-friendly alternatives is encouraged. Learners bring steel lunch boxes instead of plastic, and leftover food is thoughtfully given to birds, promoting both sustainability and compassion. Such habits are cultivated among our students from the beginning, and during their practice teaching sessions in schools, they also guide younger children to adopt these environmentally friendly practices. The event not only kept the campus clean but also reinforced the values of responsibility, sustainability, and community awareness.

3. 24th September – Special Assembly & NSS Day Celebration

A special assembly was organized where students presented speeches, poems and highlighting the role of NSS in shaping youth leadership and
