

ANNUAL REPORT OF ECO CLUB

JUNE 2025 – APRIL 2026

12th JULY 2025 – PAPER BAG MAKING

Paper bag making and distribution activity was conducted, where students prepared eco-friendly paper bags and distributed them in the local market to promote plastic-free practices.

8th AUGUST 2025 - WASTE SEGREGATION

An awareness session was led by Mr Deepak Soni of Koru Foundation for eco club members and college support staff on waste segregation, emphasizing proper disposal of waste by placing different types of waste into five designated boxes installed across the campus.

29th AUGUST 2025– HANDMADE PAPER MAKING

A workshop was conducted by Miss Sadaf of Koru Foundation, here students were introduced to the process of recycling waste paper into usable handmade sheets including pulp preparation, sheet formation, pressing, and drying. Emphazing sustainability, waste reduction, and encouraged creative reuse of paper for eco-friendly practices.

10 NOVEMBER 2025 – JUTE BAG PAINTING

A jute bag painting activity was conducted by Anita Sahu ma'am, where students creatively designed eco-friendly bags, promoting sustainable alternatives to plastic.

5th DECEMBER 2025 – WORLD SOIL DAY

A special assembly was conducted featuring speeches, poems, and a skit to raise awareness among students about soil conservation and its importance for sustainable living.

21st JANUARY 2026– E-WASTE AWARENESS CAMPAIGN

We are proud to share that D.B.M.S College of Education has signed an MOU with Hulladek and now serves as an e-waste donation centre. An awareness session was led by Mr Abhishek of Hulladek for strengthening this partnership through today's session by highlighting responsible e-waste management, safe disposal practices and the importance of recycling to protect the environment. Through this collaboration, our institution actively contributes to the annual collection and responsible disposal of e-waste.

23rd MARCH 2026– WORLD WATER DAY

A special assembly was conducted by students spreading awareness through speech and poems on World Water Day, encouraging everyone to save water and protect it every day.

22nd APRIL 2026– EARTH DAY

Marking the spirit of Earth Day 2026, an intra-college skit competition was organized to highlight the impact of man-made disasters on the environment and society, along with an inter-college debate on the topic "Technology is doing more harm to the environment than

good.” The events aimed to raise awareness and inspire responsible actions towards environmental protection.
