REPORT ON OZONE DAY CELEBRATION

Organised by: Science Club, D.B.M.S. College of Education

Date: 16 September 2026

CONTEXT

The Science Club of D.B.M.S. College of Education organised an awareness programme on World Ozone Day on 16 September 2026 to create awareness among students about the importance of the ozone layer and the need to protect it. The programme focused on environmental responsibility and encouraged students to understand the role of the ozone layer in protecting life on Earth from harmful ultraviolet (UV) radiation.

OBJECTIVES

- To create awareness about the importance of the ozone layer.
- To sensitise students towards ozone depletion and its environmental consequences.
- To encourage students to adopt eco-friendly practices.
- To promote collective responsibility towards environmental protection.

PROCESS

The programme began with an informative speech delivered by Manpreet Kaur, who highlighted the significance of the ozone layer and the importance of protecting it.

This was followed by a meaningful poem presented by Arundhati, which conveyed the message of environmental conservation in an engaging manner.

Artika then presented an informative video presentation focusing on the ozone layer, ozone depletion, and the need for collective efforts to safeguard the environment.

One of the highlights of the programme was an engaging jugalbandi poem, presented by Raja as Kiran and Chandan as Prithvi. Through this creative

presentation, the students conveyed the importance of protecting the ozone layer and maintaining harmony with nature.

The programme concluded with an oath taken collectively by all the students and teachers present, pledging to contribute towards environmental protection and spread awareness about the importance of safeguarding the ozone layer.

IMPACT

The celebration provided students with an opportunity to learn about the importance of the ozone layer through speeches, poetry, audiovisual presentation, and creative performance. The activities helped develop environmental awareness and encouraged students to recognise their individual and collective responsibility towards protecting the environment.

CONCLUSION

The Ozone Day Celebration was an informative and engaging initiative of the Science Club, D.B.M.S. College of Education. The combination of informative and creative activities effectively communicated the message of ozone protection. The collective oath at the end reinforced the commitment of the students and teachers towards building a cleaner, safer, and environmentally responsible future.
