A session on Communicative English was organized at D.B.M.S. College of Education on 14th February 2026 at 10:30 AM. OBJECTIVE

The objective of the session was to help students understand the communication process, improve their English-speaking skills, and reduce common errors. It also focused on the importance of body language and correct pronunciation in effective communication.

PROCESS

Dr. Rupa Sarkar explained the communication process in a simple and engaging manner using practical examples. She emphasized the importance of body language, facial expressions, and confidence while speaking. She also highlighted common pronunciation mistakes and explained that many errors occur because students think in Hindi and then translate into English. She encouraged students to think directly in English and practice regularly. The session was interactive, and students actively participated and clarified their doubts.
